“Safe with System” for OSI Günzburg

German food processing plant receives seal of quality

Günzburg, Germany, December, 2017 – Ulrike Heinzelmann from the professional association Food and Hospitality presented the seal of “Safe with System” to OSI Günzburg Plant Manager Xaver Fink in December. The initial audit of this facility took place in 2011, and since then, the plant has undergone a review of the management system every three years.

The seal of quality certifies an effective occupational safety organization as well as systematic and organized occupational safety.

Occupational safety is a very high priority in the Günzburg plant. The plant management promotes occupational health and safety in a sustainable manner. The exemplary cooperation between the following was also considered very positive:

- Works management
- External occupational safety specialist
- The company doctor
- Safety officer and management

About OSI

OSI Group, LLC is a 100-plus year old, privately held corporation that has been a global leader in supplying value-added protein items and other food products to leading foodservice and retail brands for more than sixty years. The company currently has more than 65 facilities in 17 countries, with its global headquarters located in Aurora, Illinois, a suburb of Chicago.
